Treatt – Kunshan Crecle Announcement

Treatt is pleased to announce the appointment of Kunshan Crecle as their exclusive Agent and Distributor for China with effect from 1st October 2009.

Treatt in China came to a point where, in order to grow our business further and improve our service to you, our customers, we have had to change our business strategy in China. To implement this strategy we have appointed Kunshan Crecle as our exclusive Agent and Distributor for China.

Both companies know each other well and we look forward to working closely together in servicing our customers throughout China.

Crecle will be contacting our customers prior to this date to discuss their plans, stock holding and initiatives on how to best meet your needs and requirements. Should you wish to contact them, their main contact details are below.

Treatt's representative office in Shanghai, managed by Rowan Sham, will remain, and will work alongside Crecle in promoting and marketing Treatt's products throughout the China market.

We look forward to your continuous support and would like to apologise if there is any inconvenience caused in the interim.

We wish to thank our current agent Ter HK and their distributor Shanghai Yifeng for their many years of conscientious efforts in this market.
